

# 2008 HOLIDAY SHOPPING LIST

Bringing nutritional supplements, medicine, shelter, and other vital supplies to the world's neediest children is an enormous challenge – one that couldn't be met without the generous support the U.S. Fund for UNICEF receives from caring and compassionate friends like you. As the holiday season nears and this year draws to a close, we will be doubling our efforts to help children survive, thrive, and have a reason to hope for a brighter, safer future.

Please help us reach these goals by sending a special year-end, tax-deductible contribution that can help provide and deliver items like the ones on this essential Holiday Shopping List. Thank you.
